NON-FLAMMABLE/WATER SOLUBLE CLEANER & DEGREASER

This is a highly-concentrated cleaner and degreaser for industrial, institutional and commercial use only. Proper dilution is required for maximum efficiency. Always rinse well with clean water after use of cleaner.

INDUSTRIAL USE: For cleaning shop equipment, forklifts, machinery, tools, drilling equipment, etc., dilute 1 part cleaner with 6 to 20 parts water. Rinse. For cleaning aluminum or enameled cabinets, fixtures or equipment, dilute 1 part cleaner with 30 to 40 parts water. Rinse and wipe dry.

AUTOMOTIVE USE: For washing trucks, airplanes or busses, dilute 1 part cleaner with 20 to 30 parts water. For cleaning white side walls, dilute 1 part cleaner up to 6 parts water. Apply, wait 3 minutes and then brush clean. Rinse well.

KITCHEN USE: For removing grease from stoves, stove-splash areas, vent hoods, dilute 1 part cleaner to 10 parts water. For baked on grease, use straight. Rinse well.

FOR BUILDING MAINTENANCE: For removal of soap scum from floors, walls, woodwork and equipment, dilute 1 part cleaner to 10 to 20 parts water. For mopping or cleaning finished floors or vinyl, asphalt, linoleum or rubber floors, dilute 1 part cleaner to 30 to 60 parts water. For removing wax from floors, dilute 1 part cleaner to 5 parts water. For removal of scuff marks from waxed or unwaxed vinyl, terrazzo tile, or finished gym floors, dilute 1 part cleaner with 10 parts water. Rinse well.

CAUTION
KEEP OUT OF REACH OF CHILDREN!
FOR INSTITUTIONAL AND INDUSTRIAL USE ONLY!

This is a high pH material. Avoid eye or skin contact. Do not inhale or take internally.

FIRST AID: In case of skin or eye contact, flush well with water a minimum of 15 minutes and get medical attention. If swallowed, do NOT induce vomiting, but give large amounts of water and consult a physician immediately.
